

COVID-19 Scenarios

**Participants should not be within 6 feet of each other for 15+ minutes.*

Scenario:	Student:	Other students in the pod:	Coach/adult:
Student reports symptoms of COVID-19	Cannot participate until 24 hours with no symptoms <i>*Encourage parents to get student tested for COVID-19</i>	Continue to participate	Continue to participate
Student under investigation for COVID-19 (“Under investigation” means the student has symptoms AND has had close contact with someone that tested positive for COVID-19)	Self-quarantine for 14 days after exposure <i>*Encourage parents to get student tested for COVID-19</i>	Within 48 hours of the onset of symptoms of the student under investigation, were you within 6 feet for 15+ minutes? YES: <u>Self-quarantine for 14 days</u> <i>*Encourage parents to get student tested for COVID-19 – if the student tests negative for COVID-19, these students can be released out of self-quarantine</i> NO: <u>Continue to participate</u>	Within 48 hours of the onset of symptoms of the student under investigation, were you within 6 feet for 15+ minutes? YES: <u>Self-quarantine for 14 days</u> <i>*Encourage coach/adult to get tested for COVID-19 – if the student tests negative for COVID-19, the coach/adult can be released out of self-quarantine</i> NO: <u>Continue to participate</u>
Student tests positive for COVID-19	Cannot participate until: A. 24 hours with no fever and B. Respiratory and clinical symptoms have improved (e.g. cough, shortness of breath) and C. 10 days since symptoms first appeared <i>*CDC does not recommend a COVID-19 test to return to practice following day 10</i>	Within 48 hours of the onset of symptoms of the student that tested positive, were you within 6 feet for 15+ minutes? YES: <u>Self-quarantine for 14 days</u> <i>*Encourage parents to get student tested for COVID-19</i> NO: <u>Continue to participate</u>	Within 48 hours of the onset of symptoms of the student that tested positive, were you within 6 feet for 15+ minutes? YES: <u>Self-quarantine for 14 days</u> <i>*Encourage coach/adult to get tested for COVID-19</i> NO: <u>Continue to participate</u>
Immediate family member reports symptoms of COVID-19	Continue to participate	Continue to participate	Continue to participate
Immediate family member under investigation for COVID-19 (“Under investigation” means the immediate family member has symptoms AND has had close contact with someone that tested positive for COVID-19)	Self-quarantine for 14 days after most recent exposure <i>*Encourage parents to get the immediate family member tested – if immediate family member tests negative, student returns to participation</i>	Continue to participate	Continue to participate
Immediate family member tests positive for COVID-19	Self-quarantine for 14 days after most recent exposure <i>*Encourage parents to get student tested for COVID-19 – please visit the site below for specific information regarding your scenario: https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html</i>	Continue to participate	Continue to participate

Scenario:	Coach:	Students:	Other coaches/adults:
Coach reports symptoms of COVID-19	Cannot attend practice/games until 24 hours with no symptoms <i>*Encourage coach to get tested for COVID-19</i>	Continue to participate	Continue to participate
Coach under investigation for COVID-19 (“Under investigation” means the coach has symptoms AND has had close contact with someone that tested positive for COVID-19)	Self-quarantine for 14 days after exposure <i>*Encourage coach to get tested for COVID-19</i> –coach can return when they have no fever, respiratory symptoms have improved, and have received two negative tests results in a row, at least 24 hours apart	Within 48 hours of the onset of symptoms of the coach under investigation, were you within 6 feet for 15+ minutes? YES: <u>Self-quarantine for 14 days</u> <i>*Encourage parents to get student tested for COVID-19</i> – if the coach tests negative for COVID-19, these students can be released out of self-quarantine NO: <u>Continue to participate</u>	Within 48 hours of the onset of symptoms of the coach under investigation, were you within 6 feet for 15+ minutes? YES: <u>Self-quarantine for 14 days</u> <i>*Encourage coach/adult to get tested for COVID-19</i> – if the coach tests negative for COVID-19, the coach/adult can be released out of self-quarantine NO: <u>Continue to participate</u>
Coach tests positive for COVID-19	Cannot participate until: A. 24 hours with no fever and B. Respiratory and clinical symptoms have improved (e.g. cough, shortness of breath) and C. 10 days since symptoms first appeared <i>*CDC does not recommend a COVID-19 test to return to practice following day 10</i>	Within 48 hours of the onset of symptoms of the coach that tested positive, were you within 6 feet for 15+ minutes?
